The President to be Guarded.

Buzzard's Bay, Mass., June 11.—Matters point to the early arrival of President Cleveland. The weather has been foggy here to-day and to-night, so if he comes the boat will have a slow passage up the sound. It is not thought he will arrive here before Thursday. At the request of his friends the president has decided to have secret service officers here, and they are now on duty at Gray Gables.

Charges Not Sustained.

New York, June 11.—The executive committee of the Intercollegiate Athletic association met this afternoon at the Fifth avenue hotel. It was decided in the case of J. V. Crum, who won the 100 and 120 yards race at the meet at Berkeley Oval that the charges made against him were not sustained, and that he was an amateur in good standing. It was resolved that the points awarded Union college in the recent contest be withheld until February in order that the committee might further investigate the charges that the winners were not members of the association. Mr. Kendrick read a cable dispatch setting forth the refusal of the University athletes of England to engage in a contest with the association, and it was resolved that the refusal was most unfortunate. Before adjourning the committee passed a vote of thanks to the gentlemen who looked after the recent games at Berkeley Oval.

MR. ANDREWS' DOUBLE.
A Counterfeit Police Commissioner Creates a Great Scare—Saloon Shut Up Tight—Police Fell to Patrolling Like All Possessed.
New York, June 11.—To the hardships of the police these days there is no end. Police Commissioner Andrews has a double. It appeared in the regions of Elizabeth street this morning and set the whole east side by the ears, especially the Sixth police precinct. A policeman of the Sixth precinct seized the double at 2 m., and, never dreaming that he had to do with a counterfeit, a green-goods Andrews, as it were, fell to patrolling with a sudden and unexampled zeal. At the end of his post he passed a tip to his side partner, and he in turn was taken with the same kind of zeal.
In fifteen minutes the infection had spread through the precinct and across the Bowery into the Eleventh precinct. In an hour every policeman on the east side below Houston street, in half a dozen precincts, knew that Major Andrews was stalking the patrolmen, and they covered more laps than had been known in the memory of man.
The saloons shut up suddenly like so many clams. None of the saloon keepers will know till they read the Evening Star that their Andrews was only a scarecrow. The real original Andrews was home in bed at 4 o'clock. He said so this morning. It will be well for tall, slim, good looking men with mistaches to shun the east side for a night or two. If the police over there catch them they will run the risk of getting a fanning for the scare Major Andrews' double gave them.

Invited to Atlanta.
Major E. Henry Hyde, Jr., commander of the First company Governor's Foot Guard, of Hartford, has received a cordial invitation from C. A. Collier, president and director general of the exposition, which is to be held in Atlanta, Ga., from September 18 to December 31, of the present year. In the invitation Mr. Collier says that if the company decides to come it would be well to take some steps immediately to secure quarters. Hartford's famous command has already appointed a committee to take the preliminary steps in the matter, and Major Hyde says that a decided effort on the part of the company will be made to go to the exposition and to take part in the military exercises.

Mrs. Maguire came across one of your old letters to-day, George, where you said that you would rather be in endless torment with me than in bliss by yourself. Mr. Maguire—Well, my dear, I got my wish—Punch.

**What Jewelers Know
About Sterling Silver.**
The fact that twelve of the largest dry goods stores in New York have indicated for selling goods Sterling silver should be a fair warning to the New Haven public to buy their goods from a reliable old established house like S. SILVERTHAU & SONS, 750 Chapel street, who have spent 40 years handling gold and silver, and their prices are the lowest that honest goods can be sold for. Diamonds and Wedding Gifts are their specialties. We know nothing about dry goods, but it is easy to see
